WORK EXPERIENCE

Academic Projects Leader | 2023–Present

University Course-Based Software Projects

- Led multiple academic software development projects from planning to delivery across various university courses.
- Coordinated teamwork, documentation, and implementation throughout multiple project cycles.

Technical Project Leader | 2025–Present

Sanad Platform – Academic Software Engineering Project

- Led the development of a comprehensive digital accessibility platform as part of a major software engineering project.
- Oversaw system requirements, architectural design, and prototyping in collaboration with a seven-member team.
- Produced structured technical documentation and ensured a user-centric design approach.
- Aligned project deliverables with WCAG 2.1 AA accessibility and usability standards.

Co-Founder & Organizer | 2025–Present

Capsule Tahawul Initiative

- Co-founded a student-led initiative focused on preparing youth for future technology career paths.
- Managed planning, coordination, and execution of technical and organizational activities.
- Contributed to building the initiative's digital presence and fostering a growing tech-oriented community.

ACADEMIC HISTORY

Bachelor of Computer Science | 2023 – Present

Imam Abdulrahman Bin Faisal University

- Related courses: Software Engineering, Systems Analysis & Design, Databases, Data Structures, Computer Networks, Operating Systems, and more.
- Participated in numerous academic software projects with consistent leadership roles.
- Developed strong analytical thinking, problem-solving abilities, and technical documentation skills.
